

Come Celebrate

NATIONAL SCIENCE WEEK AT URRBRAE

**FREE
EVENT**

Tuesday 13th August & Wednesday 14th August 2024 (term 3 week 4)

In celebration of National Science Month, Urrbrae Agricultural High School is hosting a *Kids Teaching Kids* Event, giving yr 4 - 5 students from across Adelaide the opportunity to participate in a range of interactive workshops located at:

Urrbrae Wetland - Hosting a series of workshops focused on the natural environment, conservation and sustainability including wildlife, netting for aquatic macroinvertebrates, plants, pollution and managing human impacts.

Urrbrae Farm - Urrbrae Trails offers a unique opportunity for students to visit and explore a working farm in Metropolitan Adelaide. The tour offers visitors the opportunity to engage in authentic, hands on activities concerning farming and food production.

Urrbrae Science Labs - Students can experience high school science at its best and participate in a range of practical investigations in our high school laboratories.

Both days there will be concurrent sessions running across all sites:

Daily Program		
Session 1 9:30am – 11:00am	Urrbrae Wetland – max 60 students	Meet at the Wetland Learning Centre
	Urrbrae Farm – max 60 students	Meet at Urrbrae Trails Shed
Recess		
Session 2 11:30am – 1:00pm	Urrbrae Wetland – max 60 students	Meet at the Wetland Learning Centre
	Urrbrae Science Labs – max 60 students	Meet at Urrbrae High School Office

*We invite you to book into one or two of the sessions on either Tuesday or Thursday. It is only possible to book and experience two of the sessions on one day. Bookings essential.

Numbers are limited to ensure a unique and enjoyable experience so please contact:
