

ACTIVITY	LOCATION	DESCRIPTION
Reptile Mania: Meet Osiris, the Coastal Carpet Python from Serpentarium Wildlife Park Tasmania	STEAM GALLERY	Join the Curator of the Serpentarium Wildlife Park Tasmania and get up-close with Osiris, one of their reptilian friends, to learn about different reptile species, their habitats, eating habits, and their role in the animal kingdom. Sessions at 11am and 1pm. Bookings essential - www.qvmag.tas.gov.au/Big-Day-of-Science-2024
WHO'S IN THE ZOO: Live virtual zoo tours at QVMAG	AUDITORIUM	Go behind-the-scenes of a working zoo in this series of live virtual tours at Lone Pine Koala Sanctuary. Learn about animal species and their habitats — and how we can help them survive and thrive through conservation efforts. Sessions: 11am: Dingoes 12pm: Crocodiles 1pm: Koalas 2pm: Turtles Bookings essential - register at www.qvmag.tas.gov.au/Big-Day-of-Science-2024
A Trek to the Antarctic: Family fun with live snow simulator	OBJECT GALLERY	Experience a snow simulation experience and explore the depths of the Antarctic and Southern Ocean. Uncover Australia's Antarctic history, magnetism, climate change, animal species and so much more. <i>Presented by the Mawson's Huts Foundation and supported by Events Tasmania and QVMAG.</i> Drop-in activity — no bookings required
Sustainability Learning Centre	FOYER	Get hands on with a range of activities for all ages with the Tasmanian Sustainability Learning Centre. Learn and discover native animal species and their unique habitats through a range of pop-up activities at the Museum at Inveresk. Drop-in activity — no bookings required
Mt Resilience Game Station	CAFÉ	Take a virtual field trip to Mt Resilience - an Australian town that's been designed around the impacts of climate change and disaster preparedness. Choose to play on our large screen, or use your phone to play the Augmented Reality version. Drop-in activity—no bookings required
Make it Place: Trash to treasure	MEETING ROOM	Bring your friends and your imagination and join in the beloved family fun Make It Place craft station. Use recycled materials to turn trash into treasure, inspired by the 2024 Science Week theme <i>Species Survival</i> . Drop-in activity — no bookings required
